### Your sustainable choice

Rødne Fjord Cruise is a certified Eco-Lighthouse company for its systematic work on developing even more environmentally friendly operations. In 2018, our new, low-pollution flagship Rygerdrøningen was delivered in Stavanger, and, in 2020 we have built a battery-powered sister ship. We have also replaced old engines with cleaner-burning ones on other boats.

Your hike starts and ends here. **Enjoy your adventure!**
